You will demonstrate and develop your capabilities in the following areas:

- Set up of ESG (environment, social and governance) strategy and products and SRI (socially responsible Investment), ESG Due Diligences and Risk analysis.
- Follow developments in the area of sustainable finance and emerging regulations (e.g. EU Action Plan on Sustainable Finance)
- Monitoring new green/social/sustainable data and performance
- Drive market and eminence initiatives, including development of new service offerings and marketing campaigns within the practice
- Lead the successful planning and execution of projects
- Build strong client relationships, internal networks and play a significant part in new business proposals
- Develop and lead timely communications - both internal and external - relevant to our professionals and clients in order to promote the Sustainability practice
- Develop materials for and participate in the delivery of presentations to clients and firm personnel

Your skills

- Master's degree in finance, economics or business management with a specialization in sustainable or environmental finance
- Consulting experience, in progressive roles associated with sustainability/ESG (environmental, social, governance) matters
- Enjoy working with clients to identify new solutions and business opportunities, have a desire to learn, and thrive in a constantly changing environment
- Strong organisation skills and ability to prioritize tasks and work independently
- Good communication skills with the ability to develop strong client relationships and the capacity to research, analyze and present information
- Accurate, detail-oriented and reliable
- Aptitude to communicate effectively in English and French
